

FREMONT JOURNAL.

EXTRA.

Saturday, 6 A. M., April 27th, 1861.

Hon. Frederick Chapman, of Bellevue died yesterday, 26th, at 2 o'clock, p. m., of apoplexy. Judge Chapman was one of the oldest residents, and an enterprising business man. His death will a great loss to the whole community.

Synopsis of Friday's Report.

The following is a very full synopsis of yesterday's Telegraphic Report:

Eight thousand New York and Pennsylvania troops have arrived at Annapolis by Water and marched for Washington on Wednesday and another detachment of 3,000 was soon to leave Annapolis for the same destination. The Railroad is in the hands of the Government and in working order, but is entirely occupied in the transportation of military stores and provisions. In this all the resources of the Road are constantly occupied.

Both of the Ohio Senators have enlisted as privates in volunteer companies.

Pennsylvania has already raised 39,000 volunteers, 19,000 of which has been accepted.

Reports of Southern troops moving North continue to be received, but the story of Beauregard's presence at Richmond and his "note" to the President is not sustained.

It is said that the Governor of Kentucky is anxious for "Border State Governors" like himself to act as arbitrators between their allies and the Government.

The Governor of Delaware has issued his proclamation calling out the troops required of that State by the President.

The Wheeling [Va.] Intelligencer says that the Virginia Convention broke up in a row, and that no Secession ordinance was legally passed.

There are now over 6,000 volunteers at Columbus, which is more than can be properly accommodated. No more are to be sent there at present.

The Governor of Maryland has called an extra session of the Legislature, but it is believed that a quorum cannot be got together.

It is currently reported that ex-President Buchanan has disposed of his farm and fled to Canada, in consequence of threatening remarks from Ohio troops, who 2,000 strong are quartered in Lancaster. [Bosh.]

Gov. Letcher, of Va., has issued a proclamation prohibiting the exportation of flour to Northern cities.

A man was hung in North Carolina and another imprisoned for Union sentiments.

The Philadelphia City Council has raised the War appropriation from 50 to \$250,000.

Government has seized 25,000 barrels of flour at Georgetown and is supplying poor people with it at \$7 per bbl., while the market price is \$15.

An attack on Fort McHenry is threatened before to-morrow, Saturday, night; to which it is replied that if it be done, Baltimore will be shelled.

The condition of things at Baltimore is reported as most wretched. Loyal citizens are subjected to the worst species of outrage, and are momentarily in danger of violence, while many are driven from their homes and property for safety.

The repairs on the railroad between Philadelphia and Washington are being made with all possible dispatch, and when completed will be placed in charge of a powerful force of armed guards, and be kept open for the transportation of mails and passengers only. The telegraph line will also be protected.

A Virginia paper states that there are 10,000 troops at Richmond, 4,000 at Harper's Ferry and 3,000 at Norfolk.

Senator Johnson of Tenn., was mobbed at Lynchburgh Va., on Sunday last.

The secession organ at Washington has been suppressed by the people of the city.

A letter from a business firm in Philadelphia states that 250,000 Enfield Rifles, have arrived from England, and 250,000 more are on the way. This is most grateful news, and we hope it will be confirmed.

LAST NIGHT'S REPORT.

Philadelphia, April 26th.—A private letter from Baltimore says, that the city is quiet again; that troops are passing from Annapolis to Washington without interruption; that there seems to be no desire or intention to interfere; that the conservative sentiment is predominating again, and that all feel more hopeful of peace to-day.

New York, April 26th.—The following dispatch was received by Postmaster Taylor this noon: The route to Washington via Annapolis is now open, and we shall despatch a train from here daily at 11.30 a. m., and a line be started daily from Annapolis to connect with our line up, which will arrive at 9.30, p. m. The mails can be taken by this route. Signed,

F. S. FELTON,

President Philadelphia, Wilmington and Baltimore Railroad.

A gentleman just returned from the South reports that no vessels are permitted to leave the Port of Wilmington, N. C., and those loading have been compelled to discharge their cargoes. The Commander of Fort Caswell at the mouth of Cape Fear river, N. C., would not permit any

vessels to pass the Fort. No seizure of vessels had been made.

The pilot of the steamer Baltic, says the Potomac river is strongly fortified on both sides. As steamer Columbia left Annapolis yesterday morning distinctly heard several sharp volleys, and therefore thinks communication has been forced open. The steamer Maryland arrived at Annapolis on Thursday forenoon with Naval officers and men, and a good supply of guns to fortify Annapolis. She passed the steamer Denoto on Tuesday, which took aboard the crews of two small boats. They were crews of captured light ships, or Union men fleeing for their lives from Virginia. The lights on Capes Henry and Charles were extinguished, and the Light ship removed from its station at the mouth of the Potomac. The officers of the Columbia fear the Pawnee has been taken. The fears are probably unfounded.

Buffalo, April 26th.—\$110,000 have been raised in this city for military purposes.

Perryville, April 26th.—Five Maine timbermen were ordered out of Virginia, and passed here. They report that 3 schooners, Gen. Knox, Victory and Georgia, of Maine, were seized in Pamunkey river, Va. Cannon were placed aboard the Gen. Knox and the secession flag hoisted.

Intelligent men from Baltimore express confidence that secession will be overruled. The Sun's leader of to-day is regarded as a most favorable symptom of the index of future events. A gentleman declared publicly in Barnum's Hotel that the Secession Flag will not be allowed to remain in that city but a few days. Most indisputable evidences have been received to-night of a reaction of public sentiment in Baltimore.

Louisville, Ky., April 26th.—The municipal authorities returned from yesterday's conference with the citizens of Madison and Centre, expressing confidence that amicable relations will be preserved between the three cities during the present status of affairs.

The troops which left for the Southern Confederacy yesterday went unarmed and against the advice of the Governor. The report that arms belonging to this Commonwealth went forward for their use is denied by the highest official authority.

St. Louis, April 26th.—22,000 stand of arms, with munitions, were sent from the United States Arsenal in this city to Alton last night whence they will be forwarded to Springfield to arm the Illinois troops. Rumors being current yesterday that the Powder Magazine of Laffin, Smith & Boies, five miles above the city, would be seized by irresponsible parties, Mr. Laffin called on the Police Commissioners to protect it, and a detachment of State militia were ordered out to guard it last night. All the Powder was purchased by the Government. The Evening Journal learns by letter and by private sources, that two Germans were arrested yesterday at Wentzville, Mo., who confessed that a plan had been laid to destroy the bridges on the Northern Missouri Pacific and Iron Mountain Railroads to prevent the concentration of troops at St. Louis from the interior. Volunteers continue to enter the Arsenal under the President's Proclamation. There are now about 3,000 men there undergoing a rigorous drilling. Several companies of State militia are recruiting, and a strict guard is kept over their armories every night.

Warsaw, Mo., April 26th.—A large Southern Right's meeting was held at Clinton, Henry Co., yesterday. Resolutions were passed condemning the course of the delegates from this District to the State Convention, and favoring immediate secession; also, recommending the Legislature to pass a Secession Ordinance. The following is one of the resolutions: Resolved: That we request the Governor to repel by military force any attempt by the Republican Administration to march troops through the limits of this State for the purpose of making war upon Southern States, or for the purpose of reinforcing Forts or Arsenals in this State. Another resolution compliments Gov. Jackson's reply to Lincoln's demand for troops as the proudest act of his life.

At Belfast, Henry county, last Wednesday, the Southern flag was hoisted by 15 young ladies assisted by 40 others. The feeling is overwhelming in Benton, Henry and St. Clair counties, for secession, and meetings are held daily.

A company of cavalry has been raised.

Harrisburgh, April 26.—Gen. Scott assured a gentleman yesterday, that Washington was safe against all present attack.—Our informant also confirms arrival there of three N. Y. and the Mass. regiment.

It is reported that an attack was made by Maj. Landis on Hanover village, York co., on Tuesday, occasioned by a great stampede of negroes. Reliable accounts state that whole families are crossing into this State. A report places the total loss of slaves by Maryland since the troubles began at 500. Great fears are entertained in the border counties of Maryland of the departure of the entire slave population.

Perryville, Md., April 26.—The Baltimore Sun says a train started for Washington yesterday p. m., when it reached Annapolis junction, finding Federal troops lining the road, they put back apprehending seizure. 6000 volunteers are at Richmond, ready for service. A street battery is being

erected at Yorktown and another 3 miles above Richmond. The steamer Jamestown has been fitted out at Richmond for war purposes. There will be 25,000 troops at Richmond before the close of this week. The schooner Anne J. Russell, with wheat at Richmond for a Massachusetts port, has been seized. It is reported that the troops at Harper's Ferry have been ordered to some other point, supposed to be near the Capital. The Baltimore Sun has a leader which indicates that the conservative influence is gaining ground in that city; it emphatically declares that it is not a secession paper; says that a passage of an ordinance of secession by the Legislature would be an arrogation of power not vested in it; favors calling a State Convention, the delegates to be elected directly from the people; and it denies the stories of violence to union men at Baltimore.

New York, April 26.—Steamer Yankee sailed to-day with sealed orders, rigged with two broadside guns, and four batteries flying artillery. The frigate Constitution sailed for Annapolis Thursday evening with the middies of the Naval academy. Collector Barney received important dispatches, from Washington, purport unknown.—The Keystone State reports no armaments along the Potomac, nor cannon on the banks as reported. Frigate Cumberland and other vessels are at Fort Monroe.

American Telegraph Company will commence receiving messages from Washington in the morning. Those deposited in the office before half past one o'clock of each day, will reach Washington the same evening. Arrangements are being made by which an almost hourly communication will be made with Washington; the press will thus be enabled to furnish a much fuller and more reliable idea of the state of affairs at Washington than they have for some days past.

Cairo, Ill., April 26.—Twenty-six passengers from the south report that troops are being raised at Memphis, Randolph and other southern points. Their plan is to proceed by rail to Columbus, Ky., and from there march to Cairo, attacking it from the opposite side of the river. Steamer L. D. Percy from St. Louis to Memphis was brought to last night; no contraband goods were found on her and she was allowed to proceed.

New Orleans, April 26.—Houston, Texas advises a courier had arrived from Indianola, stating the Federal troops were encamped at Green Lake, to take Indianola, and had commenced fortifying themselves. The troops numbers 600, and 600 additional are expected to arrive from San Antonio. Judge Hayes with a party of Texans and two pieces of artillery was fortifying himself with cotton bags and sand bags on Dog Island, as he feared an attack from the federal troops. A letter from Brownsville says news had been received that Cortinas with 600 Mexicans had crossed the Rio Grande at Roma, and had laid the town in ashes, killing 18 Americans.—Two companies from Ringgold Barracks started in pursuit of him. The city here presents a most warlike and military appearance. The city is crowded with volunteers, and the beat of drums and the heavy tramp of armed men is heard day and night.

Perryville, April 26.—A gentleman just arrived says the Stars and Stripes were floating over the Hall of the minute men, and on Butcher's Hill in Baltimore.

THAT'S GOOD.

Chicago, April 26.—Twenty-one thousand stands of arms were removed from the arsenal at St. Louis last night, and taken to Springfield in this State.

STOPPING THE SUPPLIES.

Cairo, April 26.—C. E. Hillman, from St. Louis to Nashville, was abandoned by her offices and crew opposite this place to-day. The deserted steamer was boarded by Capt. Scott, of steamer Swallow. There was found on board 1000 kgs powder, and large quantities of other contraband goods. It is supposed the Captain and crew deserted her for fear of consequences if caught by the troops at this point.

Albany, April 25.—The Governor will issue a proclamation calling for 21 regiments of volunteers, making the full complement of 30,000.
